Town Meeting to discuss Tunnel Project

THE CLARION CITY Council will hold a meeting this week to discuss the proposal to build a tunnel under the Central River. The tunnel would not replace the existing bridge but would relieve traffic congestion on the roads that link downtown Clarion to suburbs on the south side of the river. Yanco Builders, seen as the firm likely to be given the building contract, has been working with council members ever since preliminary studies of the tunnel project began. A spokesperson for Yanco, Donald Young, stated, "This tunnel will have a tremendous impact on the people of Clarion. Traffic conditions will improve; noise pollution will be reduced, and the struggling downtown shops and restaurants will see a growth in business. If people in the suburbs can get downtown more easily, they will go there for their shopping and entertainment."

Some opponents of the tunnel project question whether the tunnel will actually reduce traffic jams. A citizens group calling itself Responsible Traffic Solutions (RTS) has been pushing for a temporary delay in the project so that further studies can be conducted. RTS, which has requested a meeting with city council members, believes that the city's shortage of public transportation might be a more important issue to address when considering how to reduce traffic on the bridge. The group has also expressed concern over the loss of green space along the river. Says an RTS spokesperson, "To take away the little green space the city has would be harmful to plant and animal species that live along the southern edge of the city and would take away from the natural charm of the area."

172. What is true about the city council?

- (A) It has voted to approve the tunnel project.
- (B) It has been working with Yanco Builders.
- (C) It plans to build more shops and restaurants.
- (D) It has met with the leaders of RTS.

173. What did Mr. Young say about the tunnel project?

- (A) It will be completed later than expected.
- (B) It will create more jobs in the suburbs.
- (C) It will replace the existing bridge.
- (D) It will be good for the downtown economy.

174. Why has RTS asked that the project be delayed?

- (A) It wants citizens to vote on the project.
- (B) It wants to extend the tunnel to a neighboring town.
- (C) It wants more studies to be done.
- (D) It wants a different company to build the tunnel.

175. What is NOT stated about the city of Clarion?

- (A) Its shops have recently seen a growth in business.
- (B) Traffic is a problem between downtown and the suburbs.
- (C) Its public transportation system is insufficient.
- (D) Its green space is very limited.

Questions 176–180 refer to the following article.

Classy Shopping Bags Winning Customers

BY KATARINA WIESE

Consumers' excessive use of hard-to-recycle plastic bags is harmful to the environment. Supermarkets have used many tactics to encourage their customers not to use these plastic bags. Some try charging extra for each bag used or offering paper bags instead, but these methods are far from perfect. Charging for a plastic bag can have the effect of driving customers to a competing supermarket. Paper bags are expensive to make, so they are less viable than even low-quality plastic bags. Many supermarkets offer a small discount in return for not using a plastic bag, and still others sell reusable cloth sacks that customers can bring back every time they come shopping. But the availability of cloth bags has done little to reduce the use of plastic disposables.

Marketing experts at Ipanerra Supermarkets Company believe cloth bags would be more successful if they were more fashionable.

According to them, it is hard to blame customers for not buying a durable cloth carryall, even a cheap one, if it doesn't have a catchy design, and if all its features is a company logo.

To address this problem, Ipanerra hired a team of designers to make its cloth bags more colorful than those available at other supermarkets. Rather than sporting company logos, Ipanerra bags feature pictures of animals, drawings of famous buildings, and cartoon figures commissioned for this purpose. The result? Not only is there considerable demand for the bags but they also attract attention in the street, which means free advertising for the supermarket. The bags are easily associated with the supermarket chain even without the logos, which Ipanerra removed from both its cloth and plastic bags. The success has prompted the company to consider designing smaller sacks suited for younger customers, a logical next step for a supermarket chain targeting children.

176. What method of reducing the use of plastic bags is NOT mentioned?
- (A) Introducing extra charges for plastic bags
 - (B) Providing customers with other kinds of bags
 - (C) Offering a discount for not using plastic bags
 - (D) Publicizing the harmful effects of using plastic bags
177. According to the article, why are paper bags not a good alternative?
- (A) It is difficult to recycle them.
 - (B) They contain harmful substances.
 - (C) It costs a lot to produce them.
 - (D) They are generally of low quality.
178. What is the disadvantage of many supermarkets' cloth bags?
- (A) Their durability
 - (B) Their appearance
 - (C) Their cost
 - (D) Their size
179. What did Ipanerra stop printing on its bags?
- (A) Pictures of animals
 - (B) Company logos
 - (C) Drawings of buildings
 - (D) Cartoon figures
180. What does Ipanerra plan to do next?
- (A) Offer bags for children
 - (B) Reduce the price of its cloth bags
 - (C) Advertise its bags in the media
 - (D) Increase the size of its cloth bags

Questions 186–190 refer to the following newspaper articles.

Cezanta's Move

Atlanta (United News Service)—Atlanta-based Cezanta Air, the nation's number four airline, announced today that it will cut its domestic airfares significantly. The company is hoping that by offering its new promotional fare plan, the carrier will be able to increase its customer base and win a greater share of the market. The company promises to charge no more than \$300 for a one-way economy ticket or \$500 for a one-way first-class ticket. The new plan also includes the reduction of various ticketing fees and the elimination of several less-traveled routes at the end of this year. Cezanta hopes that these changes will raise revenue over the long term. The company is also planning to update its airplanes' interiors and redesign flight attendants' uniforms.

Buford Valley Daily News

WILL NEW AIRLINE STRATEGY FLY?

by Ken Daly

Faced with weak revenues, rising labor costs, aggressive pricing from small, discount competitors, and most notably high fuel costs, several major air carriers have struggled mightily in the past three years. They have experimented with a wide variety of marketing strategies without much success. Recently, Cezanta cut its ticket prices by nearly 50 percent. However, it is unlikely that this strategy will result in a major increase in profits for the airline, as most of the other large airlines will probably cut their prices to follow suit. Some analysts are actually expecting Cezanta's revenues to fall in the upcoming year. With fuel prices expected to continue rising and with the cost of fuel accounting for nearly 40 percent of all carriers' operating expenses, any increase in passenger traffic is unlikely to offset the decrease in ticket prices. The one sure thing is that, after December, consumers flying out of Buford Valley will no longer be able to take advantage of Cezanta's price cuts.

186. What is suggested about the airline industry?

- (A) Operating costs have recently gone down.
- (B) Smaller airlines often offer very low prices.
- (C) Ticketing fees will be eliminated.
- (D) Airlines have increased the amount spent on advertising.

187. What does Cezanta Air plan to do?

- (A) Reduce the number of its international flights
- (B) Expand its service on less-traveled routes
- (C) Eliminate business-class and first-class seating
- (D) Modernize the inside of its aircraft

188. What does Mr. Daly suggest?

- (A) Other airlines will try to match Cezanta's prices.
- (B) Smaller airlines will be bought by their larger competitors.
- (C) Cezanta's revenues will increase right away.
- (D) Passengers' opinions influence aircraft design.

189. According to analysts, what is the industry's greatest challenge?

- (A) Outdated equipment
- (B) Rising fuel costs
- (C) Customer satisfaction
- (D) Improving safety

190. What can be inferred about Buford Valley?

- (A) It is close to Atlanta.
- (B) It is the site of a new airport.
- (C) Cezanta will move its headquarters there.
- (D) Cezanta will not fly there next year.

Questions 191–195 refer to the following article and table.

The Starfish Water Park is one of the greatest attractions for both the tourists and residents of the sea resort town of Zopot. Before this impressive swimming pool complex was inaugurated last May, it had generated enough public interest for its owners to dispense with expensive advertising campaigns. While new facilities of this kind are often recommended by celebrities on television prior to opening, all that the water park needed was word of mouth for business to take off. Residents of Zopot had known about the construction since it started in October two years ago; and had anxiously awaited the opening day.

But for all the water park's success, its owners had worried that the pool might be situated

too close to the beach. And in fact, the complex received fewer visitors last August, when many tourists chose to swim in the nearby sea. But the situation changed completely in December, a record-breaking month, when outdoor temperatures dropped, and entire families waited in half-hour lines to enter the recreational complex. This is understandable given the variety and quality of the facilities, including pools with breathtaking simulated waves and long, roller-coaster-like slides.

Ticket prices range from \$8 to \$20 depending on the time of day; general admission tickets allow access to all sections of the water park except the sauna area, which costs an additional \$5.

Facilities offered at Starfish Water Park

Wave Section	Green Section	Blue Section	Sun Section
Two indoor pools with artificial waves: the Lagoon Splash and the Vertigo Falls, each up to 3m deep. In addition, there are three long slides.	A glass-roofed saltwater pool, the Bermuda Tide features an astonishingly realistic-looking artificial beach.	The Misty Baths is an open-air pool with heated water.	Seven different sauna rooms.

191. What does the article imply about the opening day of the water park?

- (A) It did not generate much interest.
- (B) It was not advertised on television.
- (C) It had to be postponed by one month.
- (D) It was attended by celebrities.

192. What were people concerned about regarding the water park?

- (A) The choice of location
- (B) The cost of construction
- (C) The building design
- (D) The safety code

193. When did the water park receive the most visitors?

- (A) In May
- (B) In August
- (C) In October
- (D) In December

194. Which pool is located outdoors?

- (A) The Vertigo Falls
- (B) The Lagoon Splash
- (C) The Bermuda Tide
- (D) The Misty Baths

195. For which section of the water park is there an extra charge?

- (A) The Wave Section
- (B) The Green Section
- (C) The Blue Section
- (D) The Sun Section
